REQUEST FOR PROPOSAL

Cambridge Township is requesting proposals from qualified bidders for the mowing and maintenance of the lawn and property around the township hall at 9990 W. M-50 with the following services being requested:

- Mowing & maintaining the lawn to a height of 3 ½-4", on a weekly basis (more or less as weather dictates)
- Trimming around the building and trees as needed
- Blowing the grass clippings off the sidewalks after mowing
- Spraying for weeds in the gravel parking area and at the ends of the culverts (cleaning leaves & debris from culverts as needed)
- Pruning the shrubs as needed
- Spring and fall clean up (cut down prairie grass, clean up leaves, etc.)

Please bid the lawn maintenance items (first 4 items) on a per occurrence basis, and bid the shrub pruning and clean ups as separate items. The lawn has a sprinkling system so care needs to be taken to watch for sprinkler heads that may not be retracted, and report those if found. Please submit your bid to the attention of the township clerk and send to the address noted above. Please submit bid by April 8, 2020. A copy of your liability insurance certificate naming Cambridge Township as the certificate holder will be required if you are the successful bidder. If you have questions, please contact the township clerk at 517-605-7260 or email at: rick@cambridgetownship.net. Thank you for your interest.

Rick W. Richardson, Clerk
